## My school Journey in Srinithi

The school which could be regarded as the best and a CBSE school in our hometown is Srinithi Public School. I started my journey with Srinithi Public School on 10th September 2019. It happened on a Vijayadashami day. After few months the Covid -19 Pandemic happened. We all were forced to be isolated which hindered my experience of studying kindergarten at Srinithi Public School.

After pandemic I joined grade 1 directly without studying of LKG and UKG. which incited a fear of my progression within my parents hearts. But with Srinithi Public School's teachers efforts and profound knowledge, I was able to excel in my studies and my efforts were recognised by the school by giving me a proficiency award. My parents are very proud of me for this achievement.

I hope to score good marks, participate and win in many extra curricular sports activities throughout my journey at Srinithi Public School with the help of my great and talented teachers
